General Comment

Dear Sirs or Ladies,

I am perfectly capable of planning and implimenting my own retirement needs. I have been around a few years and for the last 15 years I've succesively run my own business and I am still do so. I ask that you mind your own business and stay out of the citizens of this country's business that is not any of yours. Enough is enough, tend to your own family and their welfare. It seems they will need it as well after you try to completly ruin this country for all people populating it by taking away their ability and freedom to excel in there lives. With this strong arm tactic all are at risk.

BR

Thank you

George Carney
